Transaction FINANCE CHARGES for each cash advance will be imposed on the date the Cash Advance was posted to your account. No grace period applies on any transaction FINANCE CHARGE imposed for Cash Advances.

### PERIODIC FINANCE CHARGES CALCULATION METHODS

#### CASH ADVANCES

METHOD A - Average Daily Balance (including current transactions). The Finance Charge on Cash Advances begins on the date you obtained the advance or on first day of the billing cycle in which it is posted to your account whichever is later. There is no grace period.

The Finance charges for a billing cycle are computed by applying the monthly Periodic Rate to the 'Average Daily Balance' of your account. To get the Average Daily Balance, we take the beginning balance of your account each day, add any new cash advances, and subtract any payments, credits or non accruing fees, and unpaid finance charges. This gives us the daily balance. Then we add up all the daily balances for the billing cycle and divide the total by the number of days in the billing cycle.

#### CREDIT PURCHASES

METHOD E - Average Daily Balance (excluding current transactions). To avoid incurring an additional Finance Charge on the balance of purchases (and cash advances if Method E is specified as applicable to cash advances) reflected on your monthly statement, you must pay the New Balance shown on your monthly statement on or before the Payment Due Date. The grace period for the New Balance of purchases extends to the Payment Due Date.

The Finance Charges for a billing cycle are computed by applying the monthly Periodic Rate to the "average daily balance" of purchases (and if applicable, cash advances). To get the average daily balance, we take the beginning balance of your account each day and subtract any payments, credits, non-accruing fees, and unpaid finance charges. We do not add in new purchases or cash advances. This gives us the daily balance. Then we add up all the daily balances for the billing cycle and divide the total by the number of days in the billing cycle.
